

ABSTRAK

Didi Deni, 2022. Efektivitas Kinerja BUMDes Dalam Perekonomian Masyarakat di Daerah Perdesaan di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. Skripsi Program Studi Ekonomi Pembangunan Fakultas Ekonomi dan Bisnis Universitas Khairun Ternate.

Dibawah Bimbingan oleh Bapak **Dr. Chairullah Amin SE., M.Si** dan bapak **Mohammad Kotib SE., M.Si**

Tujuan penelitian ini adalah: 1) Untuk Mengetahui Efektivitas Tenaga Kerja BUMDes Terhadap Perekonomian Desa di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. 2) Untuk Mengetahui Efektivitas Pendapatan Perkapita Terhadap Perekonomian Desa di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. 3) Untuk Mengetahui Efektivitas Peranan Anggaran Dana Desa Terhadap Perekonomian Desa di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. Jumlah sampel objek penelitian adalah 11 Desa dan peneliti hanya menemukan 5 Desa BUMDes yang aktif di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. Alat uji yang digunakan adalah metode analisis DEA (*Data Envelopment Analysis*) untuk mengetahui Efisiensi dengan menggunakan program Windeap Software. Sumber data adalah data sekunder yang diperoleh melalui Kantor Desa, Tenaga Kerja BUMDes, dan beberapa sumber lainnya.

Hasil penelitian menunjukkan bahwa : 1) Tenaga Kerja di Desa Ratem dan Desa Gamlenge tidak efektif terhadap perekonomian masyarakat di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. 2) Pendapatan Perkapita Desa di 5 Desa efektif terhadap perekonomian masyarakat di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat. 3) Alokasi Anggaran Kegiatan di Desa Ratem dan Desa Gamlenge tidak efektif terhadap perekonomian masyarakat di Kecamatan Jailolo Selatan Kabupaten Halmahera Barat.

Kata Kunci: Efektivitas, Kinerja, BUMDes, Alokasi Anggaran Kegiatan, Tenaga Kerja, Pendapatan Perkapita Desa, Kemiskinan.

ABSTRACT

Didi Deni, 2022. Effectiveness of BUMDes Performance in Community Economy in Rural Areas in South Jailolo District, West Halmahera Regency. Thesis of Development Economics Study Program, Faculty of Economics and Business, University of Khairun Ternate.

Under the Guidance by Mr. Dr. Chairullah Amin SE., M.Si and Mr. Mohammad Kotib SE., M.Si

The aims of this research are: 1) To determine the effectiveness of BUMDes workforce on the village economy in South Jailolo District, West Halmahera Regency. 2) To find out the effectiveness of per capita income on the village economy in South Jailolo District, West Halmahera Regency. 3) To determine the effectiveness of the role of the Village Fund Budget on the Village Economy in South Jailolo District, West Halmahera Regency. The number of samples of the research object is 11 villages and researchers only found 5 active BUMDes Villages in South Jailolo District, West Halmahera Regency. The test tool used is the DEA analysis method (Data Envelopment Analysis) to determine the efficiency by using the Windeap Software program. Sources of data are secondary data obtained through the Village Office, BUMDes Workforce, and several other sources.

The results showed that: 1) Labor in Ratem Village and Gamlenge Village was not effective on the economy of the community in South Jailolo District, West Halmahera Regency. 2) Village income per capita in 5 villages is effective for the economy of the community in South Jailolo District, West Halmahera Regency. 3) Activity budget allocations in Ratem Village and Gamlenge Village are not effective for the economy of the community in South Jailolo District, West Halmahera Regency.

Keywords: *Effectiveness, Performance, BUMDes, Activity Budget Allocation, Manpower, Village Per capita Income, Poverty.*
