Penelitian ini dilakukan bertujuan untuk mengetahui mengenai Perkembangan Pangkalan Pendaratan Ikan (PPI) Di Kelurahan Dufa-Dufa Kecamatan Ternate Utara 2006 – 2014.

Dalam penelitian ini, terdapat dua persoalan pokok yang menjadi focus dalam penelitian ini, yaitu Perkembangan Pangkalan Pendaratan Ikan (PPI) Dufa-Dufa Kota Ternate 2006-2014 dan Dampak Sosial-Ekonomi Pelayanan Fasilitas PPI Dufa-Dufa Ternate Terhadap Pengusaha Perikanan dan Nelayan. Data yang diperoleh selama melakukan proses penelitian, serta metode dalam melakukan penelitian ini menggunakan metode penelitian sejarah. Berdasarkan hasil yang diperoleh menunjukkan bahwa sejak diresmikan PPI Dufa-Dufa pada tahun 2008 hingga tahun 2016 telah mengalami perkembangan fasilitas baik melalui proses renovasi maupun pembangunan baru. Selain itu, kehadiran PPI Dufa-Dufa menyebabkan terjadinya perputaran ekonomi yang baik serta efektif pada aspek perikanan dan kelautan, serta berdampak pada sosial-ekonomi masyarakat nelayan di Kota Ternate secara umum dan secara khususnya masyarakat di Kelurahan Dufa-Dufa akibat dari pemanfaatan fasilitas yang terdapat di PPI.

*This study was conducted to determine the development of fish landing bases (PPI) in Dufa-Dufa Village, North Ternate District, 2006 – 2014.*

*In this study, there are two main issues that are the focus of this research, namely the Development of the Dufa-Dufa Fish Landing Base (PPI) in Ternate City 2006-2014 and the Socio-Economic Impact of the Dufa-Dufa Ternate PPI Facility Service on Fisheries and Fishermen. The data obtained during the research process, as well as the method in conducting this research used historical research methods. Based on the results obtained, it shows that since the inauguration of PPI Dufa-Dufa in 2008 to 2016 it has experienced the development of facilities both through the renovation process and new construction. In addition, the presence of PPI Dufa-Dufa causes a good and effective economic cycle in the fisheries and marine aspects, as well as having an impact on the socio-economics of the fishing community in Ternate City in general and in particular the community in Dufa-Dufa Village as a result of the utilization of existing facilities. at PPI.*
