Abstract

Irwan (02042611053). *The influence of promotion, tatrik power and accessibility on interest in returning to the tourist attraction of Taman Love, Ternate City. Under the guidance of Dr.E. Ida Hidayanti. SE.,M.si. dan subhan.SE.,M.com (Adv) .*

This study aims to determine whether promotion has an effect on interest in return visits, attractiveness affects interest in return visits, accessibility which affects interest in return visits and promotions, power and accessibility have an effect on interest in return visits.

Promotion has a positive and significant effect on the interest in visiting again, meaning that the better the value of tourist perceptions regarding the promotion carried out by the management of the Taman Cinta, Ternate City, will be interested in revisiting tourist objects located in Moya Village, Ternate City. Attraction has a positive and significant effect on interest in returning to visit Quality, meaning that the better facilities and beautiful natural panoramas so that the attraction for tourists who want to visit natural tourism is located in Moya Village, Ternate City. Accessibility affects the interest in visiting again, meaning that the better the accessibility that is easily reached to the love park that is easily accessible by tourists, the tourists will come back to love first, which is in Moya village, Ternate city. Based on the results of the simultaneous test, it shows that promotion, attractiveness and accessibility have an effect on the interest in returning, meaning that the three independent variables are able to influence the dependent variable, because tourists are satisfied with what is conveyed by the management of Taman Cinta Tourism.
