

ABSTRAK

Fluktuasi pendapatan nelayan Huhate (*pole and line*) banyak faktor, ada yang dapat dikendalikan dan ada yang tidak dapat dikendalikan. Salah satu faktor yang diyakini mempengaruhi pendapatan nelayan yaitu pandemi covid-19. Penelitian dilaksanakan pada bulan agustus-oktober 2020, di PPI Dufa-dufa. Tujuan penelitian yaitu Memprediksi tingkat pemahaman nelayan Huhate (*Pole and Line*) terhadap pandemi Covid-19 yang berpangkalan di PPI Dufa-dufa. Menganalisis pendapatan nelayan Huhate (*Pole And Line*) sebelum dan pada masa pandemi COVID-19 di pangkalan PPI Dufa-dufa. Memprediksi dampak COVID-19 yang terus berlanjut terhadap pendapatan nelayan Huhate (*Pole and Line*) dipangkalan PPI Dufa-dufa. Hasil penelitian menunjukkan pendapatan rata-rata ke dua kapal yaitu kapal ,inka mina 991 sebesar Rp.138.979.917 dan kapal putra-putri 02 Rp.118.788.583, jika dibandingkan dengan pendapatan rata-rata kapal sebelum pandemi covid 19, maka pendapatan rata-rata untuk masing-masing kapal mengalami penurunan yaitu kapal inka mina 991 menurun 8% dan putra-putri menurun 11%.

Kata Kunci : COVID-19, *Pole and Line*, PPI Dufa-dufa.

ABSTRACT

Huhate fishermen's income fluctuation (pole and line) has many factors, some are controllable and some cannot be controlled. One of the factors that is believed to affect fishermen's income is the covid-19 pandemic. The research was conducted in August-October 2020, at PPI Dufa-dufa. The aim of the research is to predict the level of understanding of Huhate fishermen (Pole and Line) about the Covid-19 pandemic based at PPI Dufa-dufa. Analyzing the income of Huhate fishermen (Pole And Line) before and during the COVID-19 pandemic at the PPI Dufa-dufa base. Predict the continuing impact of COVID-19 on the income of Huhate (Pole and Line) fishermen at the PPI Dufa-dufa base. The results of the study show that the average income of the two ships, namely ships, inka mina 991 Rp. 138,979,917 and Rp. 118,788,583 for the son-daughter ship, when compared to the average income of ships before the Covid 19 pandemic, the average income -The average for each ship decreased, namely the inka mina 991 ship decreased 8% and the male and female ships decreased 11%.
