Abstract

Cindy V Nicolaas, 2024. The influence of interest rates and exchange rates on JII share prices for the 2017-2021 period. H. Abdul Hadi Sirat & Putri Ekawati Darma.

The aim of this research is to know the influence of interest rates and exchange rates on JII share prices. The data collection method uses purposive sampling. The total research sample was 36 companies listed in the Jakarta Islamic Index for the 2017-2021 period. The analytical tool used is multiple regression using Eviews. The research results show that interest rates have no effect on JII share prices. Meanwhile, the exchange rate has a negative effect on JII share prices.

Keywords: Interest Rate, Rupiah Exchange Rate, Jakarta Islamic Index Share Price.
